1 EVENT AND VENUE

The Hervey Bay Boat Club Annual Bay to Bay Trailable Yacht Race (Bay to Bay) sailed over the Queensland Labour Day long weekend is a two leg approximately 50nM/92km long two day Category 5 (**limited rescue availability in daylight hours**) race for eligible (NoR 4) monohull and multihull trailable yachts through the waters of the Tin Can Bay Inlet, the Wide Bay Harbour, the Great Sandy Strait and Hervey Bay Queensland from north of Snapper Creek Tin Can Inlet to east of the Urangan Boat Harbour Hervey Bay with an overnight stop in Garrys Anchorage (Garrys) between K'gari (Fraser Island) and Stewart Island.

You must accept that you will sail entirely at your own decision and risk in the company of a large fleet of trailable yachts through the largely remote, unspoilt and truly spectacular wilderness area of the Great Sandy Marine Park including the Great Sandy Strait Ramsar Wetland Area, the K'gari (Fraser Island) World Heritage Area and the Great Sandy National Park all of which provide critical habitat to endangered resident and/or migratory marine turtles, dugong, bird life, K'gari wongari (dingo) and marine stingers, crocodiles, snakes, goannas, spiders and so much more.

Knowing that while the majority (but not all) have completed the past 41 Bay to Bay adventures with not much more than minor non disabling adverse outcomes **you must accept that** Bay to Bay mooring, anchoring, sailing in close company with other competitors, course boats, commercial and public boats, dangerous and at times lethal marine and land animals, plants and natural systems of shifting narrow channels, shoals and sandbanks and wind, tides, waves, a dark unlit overnight anchorage, obstructions, landscapes **and other aspects not mentioned** can be dangerous and present hazards to all with an uncontrolled risk of serious injury, illness, death, serious damage, loss of boat, equipment, possessions.

It is your inescapable responsibility to plan to control hazards and reduce risks to an acceptable level.

Boats must keep Race Control VHF 77 informed of the safe or otherwise progress of their boat and others near or known to them, ensure race numbers are recorded at all sign on/off and marks on the NoR 16 map that are attended by Mark Rounding recording Boats as per SI 22.
